The SPEECH *of the Honourable* Patrick Gordon, *Eſq; Lieut. Governor of the Province of* Pennſylvania, *and Counties of* New-Caſtle, Kent *and* Suſſex *upon* Delaware;

To the Repreſentatives of the Freemen of the ſaid Province, met at *Philadelphia Octob.* 15. 1734.

Mr. Speaker, and Gentlemen,

IT is with much Pleaſure that I again ſee the Repreſentatives of the good People of this Province met in General Aſſembly, and I joyfully embrace the Opportunity now given me of congratulating you and the Country on the late happy Arrival of the eldeſt of our Proprietaries amongſt us, whoſe affectionate Concern for the Welfare of *Pennſylvania*, the Place of his Birth, and for the Happineſs of all its Inhabitants, will, I am perſwaded, no leſs entitle him to their Regard and Eſteem, than his Perſonal Merits endear him to all that know him.

As it has not been uſual for the Aſſemblies of this Province to enter on any Buſineſs of Moment at their firſt Meeting, I have generally delayed laying any Matters before them till their Second Seſſion; But at this time I conceive it to be incumbent on me, and agreeable to the conſtant Profeſſions I have made of my hearty Inclinations to promote and advance, as far as lies in my Power, the true Intereſt of this Government, in which I ſhall ever chuſe to have the Advice of its Repreſentatives, to communicate to you the Purport of a Letter I have very lately received from the Secretary to my Lords Commiſſioners for Trade and Plantations, deſiring my Opinion what further Encouragement may be neceſſary to engage the Inhabitants of the *Britiſh* Colonies on the Continent of *America*, particularly of thoſe within my Government, to apply their Induſtry to the Cultivation of Naval Stores of all Kinds; and likewiſe of ſuch other Products as may be proper for the Soil of the ſaid Colonies, and do not interfere with the Trade or Produce of *Great-Britain*; My Anſwer hereunto is expected as ſoon as poſſible, that their Lordſhips may have time to conſider of it before making their Report on this Subject, at the Beginning of the next Seſſion of Parliament, which may be about *Chriſtmas* next.

As this Province, Gentlemen, produces, tho' in but too ſmall Quantities, ſundry Commodities which *Britain* is obliged to purchaſe from other Nations, and may be further capable of great Improvements, no ways interfering with the Trade and real Intereſt of our Mother-Country; it is our immediate Duty on this Occaſion, to apply all our Thoughts to conſider what Progreſs may be made in thoſe Manufactures which our Soil and Climate will admit of; and what may be proper to be propoſed as Encouragements for inciting our Induſtry thereto. Nothing will give me greater Satisfaction, than to be able on theſe Points to deliver my Opinion conſiſtent with the general Senſe of the People whom you now repreſent.

The uſual Buſineſs of the Year, and what the Publick Service ſhall point out as neceſſary, will no doubt come under your Conſideration at your ſubſequent Seſſions; and I flatter myſelf the Experience you have had of my paſt Conduct, makes it unneceſſary for me to add to thoſe Aſſurances which I have conſtantly given, of contributing my utmoſt for the Honour and Advantage of a Province that has deſerved ſo well of me.

Philadel. Octob. 15. 1734 *P. GORDON.*

To the Honourable PATRICK GORDON, *Eſq; Lieut. Governor of the Province of* Pennſylvania, *&c.*

The *ADDRESS* of the Repreſentatives of the Freemen of the ſaid Province in General Aſſembly met.

May it pleaſe the GOVERNOR,

'THE happy Arrival of the Eldeſt of our Proprietors into this their Province, gave us ſenſible Satisfaction and Pleaſure, which with Chearfulneſs and Unanimity we have endeavoured to demonſtrate in a Congratulatory Addreſs preſented him on that Occaſion.

'We gratefully acknowledge the Governor's hearty Inclinations to promote the Intereſt of this Colony, and his affectionate Regard to the Inhabitants thereof, apparent, not only in his kind Expreſſions, but in his good Conduct, which has ſo much contributed to our Eaſe and Happineſs. And we take it as a freſh Inſtance of his Care for our Welfare, that he has been pleaſed to communicate to us the Purport of the Letter he lately received from the *Lords of Trade and Plantations*; the Subject of which is of great Importance to the People of this Province, and might juſtly require our further Deliberation; but as the Governor is under a Neceſſity of returning a ſpeedy Anſwer in that Affair, we think it a Duty incumbent on us, now to ſay, that we humbly conceive Hemp, Pigg and Bar-Iron being Commodities generally purchaſed with Money by the Subjects of *Great-Britain*, from the Northern Kingdoms, might on a Bounty given by the Government at Home, be had from ſome Parts of this and other Colonies, equally good, in Exchange for the Manufactures and Produce of our Mother-Country, much wanted and with Difficulty paid for amongſt us.

'The frequent Aſſurances the Governor has been pleaſed to give us, of Contributing the utmoſt in his Power for our Intereſt, leave us no room to doubt, but that he will repreſent theſe Matters in the ſtrongeſt and moſt advantageous Light, and will thereby render it a Duty incumbent on us to repeat our Acknowledgments for this Favour, added to the many already received of him by the Inhabitants of this Province.

The Governor's ANSWER.

GENTLEMEN,

I THANK you for this obliging Addreſs, and you may be aſſured I ſhall not be ſo far wanting to my ſelf, as to neglect any Occaſion that may be improved for the Service of this Province.
